

Join BYU organ faculty for a regional organ workshop in Atlanta!

Don't miss this opportunity to learn from **Dr. Don Cook** and other visiting instructors from the BYU School of Music Organ Department.

A pioneer in organ instruction, Brother Cook has developed and published the first multimedia organ tutorial for pianists as well as coordinating group organ lessons at BYU and courses for BYU Independent Study. He is the American Guild of Organists, Councillor for Education where he was instrumental in developing a series of on-line video tutorials.

There will be 17 different classes covering three levels of organ instruction. BYU has arranged for additional organs at the workshop to allow for simultaneous hands-on classes.

Register for one of the three tracks today!

TRACK 1 **Intro to Organ** – youth and new organists

TRACK 2 **Get Comfortable** – organists with some experience

TRACK 3 **Polish it Up** – organists with formal organ training

**ATLANTA
MUSIC
WORKSHOP**

BYU
Organ
WORKSHOP

Saturday, March 3rd, 2018

The Church of Jesus Christ of Latter-day Saints
500 Norcross Street • Roswell, Georgia 30075
